

Hawaii Lifeguard Surf Instructors

Surf School Liability Waiver Form

I, the undersigned party, understand that surfing is a physically strenuous sport and has inherent risks associated with it. I acknowledge the potential environmental dangers associated with surfing, including potential dangers from other surfers.

I take full responsibility for any and all injuries, which I may purposely or accidentally inflict on myself or others, including H.L.S.I.'s other students, staff, and members of the general public. I agree that I am physically well, and able to participate in any physical activity and will not pose any danger to myself or others.

I, as a participant, realize all the risks and liabilities forewarned by the instructor and this waiver, such as being hit by my own surfboard or the board of another surfer from H.L.S.I. surf school and/or the general public. In addition, I have been forewarned regarding safety issues, such as water entry onto slippery rocks, strong currents, shallow reefs, spiny poisonous urchins, Portuguese-man-o-war, sharks, jelly fish, and above all, the inherent risk of death or drowning.

Upon the signing of this Waiver, I acknowledge all the above potential risk factors involved in surfing. I waive and hold harmless H.L.S.I., along with its' employees and assignee's, and assume full responsibility for any and all injuries as aforementioned above. Furthermore I acknowledge that if I neglect to abide by all safety rules and regulations as well as instructions given by a H.L.S.I Instructor or employee, my rights may be revoked and lesson may be terminated.

I further understand that surf lessons, once scheduled and started, are Non-Refundable.
